

METHODS AND SYSTEMS FOR CREDIT CARD-SIZE ELECTRONIC DICTIONARY CONFIGURABLE AS A BOOKMARK

Abstract of the Disclosure

An electronic dictionary is configured to fit in a credit card holder. The electronic dictionary includes a flexible housing configured to accommodate the flexing of a credit card holder. The flexible housing has a length with substantially the same dimension as a credit card length and a height with substantially the same dimension as a credit card width. A flexible dictionary display is configured to display a plurality of words, and a dictionary keyboard is configured to receive user letter entries.
